PROFESSIONAL SUMMARY

Over a long period of time spanning years, I've worked in various fields, such as accounting and business administration, but my passion and love for programming has always been, and continues to be. I've always benefited from programming to facilitate my work in these fields.

WORK EXPERIENCE

HR Officer & Web Developer

07/2020 - Present

The Petroleum Projects and Technical Consultations Company "PETROJET"

One of the largest companies in the Egyptian petroleum sector, it is one of the largest companies in Egypt and the Arab world. It is a construction company that provides petroleum and engineering services. It has numerous branches inside and outside Egypt, particularly in Arab countries, and also operates in Africa.

My work at the company's main branch focuses on the company's human resources sector and related activities :-

- * Human resources work in the sector.
- * Designing and implementing web programs that help the sector complete work faster and easier.
- * Training employees on the programs and following up on work.
- * Developing, modifying, and adding to the programs based on business developments.
- * Working on SAP as a user and integrating it with other programs that I designed.

Administrative Officer
